

## PROBLEM STATEMENTS

### PLASMA DONOR APPLICATION USING CLOUD COMPUTING

TEAM MEMBERS :

KAVYA G

ABINAYA M

SUCHISMATHI M

SNEHA M

- Scarcity of rare plasma group.
- Unavailability of plasma during emergency.
- Loss awareness among people about plasma donation and plasma transfusion.
- Deaths due to lack of plasma during operations.
- The blood bank management system project aims to make all the procedures auto command .
- Therefore with computer system can be more fast and accurate.
- This project is a high quality software to manage all these cumbersome jobs.
